

Advanced Interviewing and Focus Group Facilitation Skills Training Course

Professional Development Training Course Outline

Category	Research and Data Analysis	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In today’s dynamic research, HR, and consultancy landscapes, Advanced Interviewing and Focus Group Facilitation Skills are critical for obtaining high-quality insights, data-driven decisions, and stakeholder engagement. Whether for market research, social impact assessments, policy formulation, or organizational development, skilled facilitators and interviewers can extract deeper narratives, uncover behavioral motivations, and capture actionable intelligence. Advanced Interviewing and Focus Group Facilitation Skills Training Course equips professionals with cutting-edge methodologies, strategic questioning techniques, psychological probing skills, and adaptive facilitation styles that align with diverse cultural, social, and professional contexts.

This course empowers participants to confidently lead qualitative research, conduct high-stakes interviews, manage complex group dynamics, and apply digital tools for remote interviews and virtual focus groups. Participants will master both in-person and online facilitation techniques, ensuring they are equipped to navigate the evolving demands of data collection in the digital era. By the end, participants will emerge as expert facilitators, capable of designing and executing impactful interviews and focus groups that deliver valid, reliable, and ethically sound data.

Programme Curriculum

Advanced Interviewing and Focus Group Facilitation Skills Training Course

Introduction

In today’s dynamic research, HR, and consultancy landscapes, Advanced Interviewing and Focus Group Facilitation Skills are critical for obtaining high-quality insights, data-driven decisions, and stakeholder engagement. Whether for market research, social impact assessments, policy formulation, or organizational development, skilled facilitators and interviewers can extract deeper narratives, uncover behavioral motivations, and capture actionable intelligence. Advanced Interviewing and Focus Group Facilitation Skills Training Course equips professionals with cutting-edge methodologies,

strategic questioning techniques, psychological probing skills, and adaptive facilitation styles that align with diverse cultural, social, and professional contexts.

This course empowers participants to confidently lead qualitative research, conduct high-stakes interviews, manage complex group dynamics, and apply digital tools for remote interviews and virtual focus groups. Participants will master both in-person and online facilitation techniques, ensuring they are equipped to navigate the evolving demands of data collection in the digital era. By the end, participants will emerge as expert facilitators, capable of designing and executing impactful interviews and focus groups that deliver valid, reliable, and ethically sound data.

- Planning focus group sessions and participant recruitment
- Crafting a discussion guide for diverse topics
- Facilitating interactive group discussions
- Managing dominant participants
- Capturing group insights effectively
- *Case Study: Focus group facilitation in product innovation research*

Module 4: Managing Group Dynamics

- Identifying roles in group settings (leaders, blockers, silent participants)
- Techniques to foster inclusive participation
- Conflict resolution strategies in groups
- Cultural competency in facilitation
- Enhancing engagement in virtual focus groups
- *Case Study: Managing cultural dynamics in international focus groups*

Module 5: Digital Tools for Virtual Interviews and Focus Groups

- Overview of popular virtual platforms (Zoom, MS Teams, Miro)
- Using collaborative digital whiteboards
- Recording and transcription software tools
- Best practices for online participant engagement
- Ethical considerations for virtual research
- *Case Study: Conducting virtual focus groups for remote communities*

Module 6: Ethical Practices in Interviewing and Facilitation

- Informed consent processes
- Ensuring confidentiality and data privacy
- Addressing power imbalances in qualitative research
- Mitigating biases during data collection
- Ethical reporting and dissemination of findings
- *Case Study: Upholding ethics in conflict-sensitive regions*

Module 7: Data Analysis and Interpretation in Qualitative Research

- Introduction to thematic and content analysis
- Coding qualitative data
- Use of software like NVivo, MAXQDA
- Validating qualitative findings
- Presenting insights to stakeholders
- *Case Study: Thematic analysis in community needs assessments*

Module 8: Presenting Qualitative Findings and Insights

- Visual storytelling for qualitative data
- Developing impactful presentations and reports
- Translating qualitative insights into actionable strategies
- Communicating to diverse audiences
- Using infographics and visual aids
- *Case Study: Reporting qualitative research for policy advocacy*

Training Methodology

- Interactive lectures and presentations
- Practical role-plays and simulations
- Hands-on experience with digital tools and platforms
- Group discussions and peer feedback
- Real-world case studies and scenario analyses
- Guided practice in interview and facilitation techniques
