

Case Study Research Design and Advanced Analysis Training Course

Professional Development Training Course Outline

Category	Research and Data Analysis	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In an era of data-driven decisions, the Case Study Research Design and Advanced Analysis Training Course is crafted to equip professionals, researchers, and academics with the strategic skills required to conduct robust, insightful, and impactful case study research. Case Study Research Design and Advanced Analysis Training Course integrates the latest research methodologies, qualitative and quantitative analysis, and evidence-based approaches to enable participants to generate reliable findings that can influence policy, drive organizational change, and support academic pursuits. Participants will gain hands-on expertise in data triangulation, pattern matching, cross-case synthesis, and applying advanced analytical tools like NVivo, ATLAS.ti, and thematic analysis frameworks.

The training emphasizes systematic research design, advanced data collection techniques, and cutting-edge analysis methodologies for complex case studies across various sectors, including business, education, health, and social sciences. Designed for both beginners and seasoned researchers, this program ensures mastery in developing contextual research frameworks, ensuring data validity, and interpreting multifaceted case study data for maximum impact. Participants will be guided through real-world examples, comprehensive case studies, and industry best practices to solidify their analytical prowess.

Programme Curriculum

Case Study Research Design and Advanced Analysis Training Course

Introduction

In an era of data-driven decisions, the Case Study Research Design and Advanced Analysis Training Course is crafted to equip professionals, researchers, and academics with the strategic skills required to conduct robust, insightful, and impactful case study research. Case Study Research Design and Advanced Analysis Training Course integrates the latest research methodologies, qualitative and quantitative analysis, and evidence-based approaches to enable participants to

generate reliable findings that can influence policy, drive organizational change, and support academic pursuits. Participants will gain hands-on expertise in data triangulation, pattern matching, cross-case synthesis, and applying advanced analytical tools like NVivo, ATLAS.ti, and thematic analysis frameworks.

The training emphasizes systematic research design, advanced data collection techniques, and cutting-edge analysis methodologies for complex case studies across various sectors, including business, education, health, and social sciences. Designed for both beginners and seasoned researchers, this program ensures mastery in developing contextual research frameworks, ensuring data validity, and interpreting multifaceted case study data for maximum impact. Participants will be guided through real-world examples, comprehensive case studies, and industry best practices to solidify their analytical prowess.

Course Objectives

1. Master the principles of case study research methodology.
2. Design rigorous and ethical case study frameworks.
3. Apply qualitative and quantitative data collection techniques effectively.
4. Enhance skills in triangulation and pattern matching for robust analysis.
5. Utilize advanced data analysis software (NVivo, ATLAS.ti).
6. Conduct thematic and content analysis with precision.
7. Develop expertise in cross-case synthesis techniques.
8. Interpret and present data using data visualization tools.
9. Strengthen capabilities in evidence-based decision making.
10. Integrate mixed-methods research approaches for comprehensive insights.
11. Address challenges in validity, reliability, and bias in case study research.
12. Translate research findings into actionable policy recommendations.
13. Craft publishable academic research and white papers from case studies.

Target Audience

1. Academic Researchers
2. University Lecturers and Professors
3. Policy Analysts
4. Data Scientists
5. Business Analysts
6. Social Scientists
7. NGO Researchers and Evaluators
8. Postgraduate and Doctoral Students

Course Duration: 5 days

Course Modules

Module 1: Foundations of Case Study Research

- Understanding the fundamentals of case study methodology
- Types of case study designs (exploratory, explanatory, descriptive)
- Setting research objectives and questions
- Ethical considerations in case study research
- Identifying and selecting case studies
- **Case Study:** Harvard Business School's Methodology Approach

Module 2: Research Design and Planning

- Structuring research designs for case studies
- Crafting a comprehensive research proposal

- Defining unit of analysis and boundaries
- Developing conceptual frameworks
- Ensuring validity and reliability in design
- **Case Study:** The Boeing 737 Max Crisis Investigation

Module 3: Data Collection Techniques

- Interviews and focus groups
- Document analysis and archival research
- Observations and ethnography
- Surveys and questionnaires
- Integrating multiple data sources
- **Case Study:** World Health Organization's COVID-19 Response Review

Module 4: Qualitative Data Analysis Tools

- Introduction to NVivo and ATLAS.ti
- Coding and categorizing qualitative data
- Thematic analysis and content analysis
- Narrative analysis techniques
- Software-assisted data visualization
- **Case Study:** Community Health Interventions in Sub-Saharan Africa

Module 5: Quantitative Analysis in Case Studies

- Quantifying qualitative data
- Using SPSS and Excel for quantitative analysis
- Statistical analysis within case studies
- Cross-tabulations and regression analysis
- Data interpretation for decision-making
- **Case Study:** Financial Performance Review of Tesla Inc.

Module 6: Mixed-Methods Research Approaches

- Integrating qualitative and quantitative methods
- Designing mixed-methods frameworks
- Data merging and interpretation
- Challenges and best practices
- Tools for mixed-methods research
- **Case Study:** Educational Policy Implementation in Finland

Module 7: Cross-Case Synthesis and Comparative Analysis

- Techniques for comparing multiple cases
- Pattern matching and explanation building
- Drawing generalizations from case studies
- Enhancing external validity
- Visualizing cross-case data
- **Case Study:** Comparing Global Climate Change Policies

Module 8: Writing and Presenting Case Study Findings

- Structuring a case study report
- Effective academic writing strategies
- Policy brief and white paper development
- Presentation and storytelling techniques

- Publishing in journals and conferences
- **Case Study:** Publication Strategy for McKinsey & Company's Industry Reports

Training Methodology

- Interactive lectures and expert presentations
- Practical, hands-on sessions using data analysis tools
- Group activities and collaborative research exercises
- Real-world case study analysis and role-plays
- One-on-one mentorship and feedback sessions
- Customized templates, toolkits, and resource materials

Register as a group from 3 participants for a Discount

Send us an email: info@fineskilltrainingcenter.org or call +254769199797

Certification

Upon successful completion of this training, participants will be issued with a globally- recognized certificate.

Tailor-Made Course

We also offer tailor-made courses based on your needs.

Key Notes

- The participant must be conversant with English.
- Upon completion of training the participant will be issued with an Authorized Training Certificate
- Course duration is flexible and the contents can be modified to fit any number of days.
- The course fee includes facilitation training materials, 2 coffee breaks, buffet lunch and A Certificate upon successful completion of Training.
- One-year post-training support Consultation and Coaching provided after the course.
- Payment should be done at least a week before commence of the training, to Fineskill Training Center account, as indicated in the invoice so as to enable us prepare better for you.

Upcoming Scheduled Sessions

Start Date	End Date	Location	Price
21 Sep 2026	25 Sep 2026	Online	\$1,000
21 Sep 2026	25 Sep 2026	Physical	\$1,500
21 Sep 2026	25 Sep 2026	Physical	\$0
21 Sep 2026	25 Sep 2026	Physical	\$0

Start Date	End Date	Location	Price
21 Sep 2026	25 Sep 2026	Physical	\$0
21 Sep 2026	25 Sep 2026	Physical	\$0
21 Sep 2026	25 Sep 2026	Physical	\$0
21 Sep 2026	25 Sep 2026	Physical	\$0
