Credit Operations for Microfinance Institutions Training Course

Professional Development Training Course Outline

Category	Microfinance & Financial Inclusion	**Duration**	5 Days
Base Fee	$1,500 USD	**Delivery Mode**	Online / On-site Hybrid

Course Introduction

Credit operations are central to the success and sustainability of microfinance institutions (MFIs) as they determine the effectiveness of lending, repayment, and risk management strategies. Credit Operations for Microfinance Institutions Training Course equips participants with advanced skills in loan origination, credit assessment, portfolio management, repayment monitoring, and delinquency control. Emphasis is placed on strengthening operational efficiency, improving risk management frameworks, and applying best practices in digital credit systems to optimize performance and client satisfaction.

Participants will gain hands-on knowledge of credit policies, procedures, and tools used in modern MFIs. Through practical case studies, interactive exercises, and emerging trends such as mobile lending, credit scoring innovations, and digital loan monitoring, learners will be empowered to design, manage, and evaluate robust credit operations. This ensures sustainable financial growth, enhances financial inclusion, and mitigates credit risk for institutions and clients alike.

Programme Curriculum

Credit Operations for Microfinance Institutions Training Course

Introduction

Credit operations are central to the success and sustainability of microfinance institutions (MFIs) as they determine the effectiveness of lending, repayment, and risk management strategies. Credit Operations for Microfinance Institutions Training Course equips participants with advanced skills in loan origination, credit assessment, portfolio management, repayment monitoring, and delinquency control. Emphasis is placed on strengthening operational efficiency, improving risk management frameworks, and applying best practices in digital credit systems to optimize performance and client satisfaction.

Participants will gain hands-on knowledge of credit policies, procedures, and tools used in modern MFIs. Through practical case studies, interactive exercises, and emerging trends such as mobile lending, credit scoring innovations, and digital loan monitoring, learners will be empowered to design, manage, and evaluate robust credit operations. This ensures sustainable financial growth, enhances financial inclusion, and mitigates credit risk for institutions and clients alike.

Course Objectives

1. Understand principles and frameworks of credit operations in MFIs.
2. Develop skills in loan origination, appraisal, and approval processes.
3. Apply trending digital credit tools and mobile lending solutions.
4. Strengthen risk management and portfolio monitoring capabilities.
5. Implement effective repayment and delinquency control strategies.
6. Integrate credit scoring and client profiling for better decision-making.
7. Manage loan documentation and compliance requirements.
8. Optimize operational workflows for efficiency and sustainability.
9. Analyze portfolio performance and credit metrics using data analytics.
10. Enhance client relationship management in credit delivery.
11. Apply financial inclusion principles in lending to underserved populations.
12. Evaluate the impact of credit products on institutional and client outcomes.
13. Build action-oriented strategies to reduce default risk and improve credit quality.

Organizational Benefits

- Improved credit risk management and reduced loan defaults
- Enhanced efficiency of credit operations processes
- Strengthened compliance with regulatory and audit requirements
- Optimized loan approval and monitoring workflows
- Increased portfolio quality and profitability
- Greater client satisfaction and retention
- Improved use of digital tools for credit operations
- Data-driven decision-making for better portfolio performance
- Support for financial inclusion initiatives
- Long-term sustainability of MFI lending operations

Target Audiences

- Credit officers and loan managers
- Portfolio and risk management professionals
- Microfinance operations staff
- Branch managers and supervisors
- Compliance and audit personnel in MFIs
- Digital lending and fintech teams
- Finance and accounting professionals in MFIs
- Consultants supporting microfinance credit operations

Course Duration: 5 days

Course Modules
