Digital Literacy for Community Leaders Training Course

Professional Development Training Course Outline

Category	Community Development	**Duration**	5 Days
Base Fee	$1,500 USD	**Delivery Mode**	Online / On-site Hybrid

Course Introduction

In today’s rapidly evolving digital landscape, community leaders play a pivotal role in bridging the gap between technology and grassroots development. Digital literacy has become an essential competency for leaders seeking to empower communities, enhance communication, and implement data-driven solutions. Digital Literacy for Community Leaders Training Course emphasizes practical skills, critical thinking, and strategic use of digital tools to improve local governance, community engagement, and social development initiatives. Participants will gain insights into digital platforms, cybersecurity, data management, and online collaboration techniques, equipping them with the knowledge to lead effectively in a digitally connected world.

This Course is designed to combine theory with practical applications. By integrating case studies, interactive exercises, and hands-on digital tools, this course ensures participants develop both technical expertise and leadership acumen. It addresses trending topics such as social media governance, digital inclusion, cloud-based collaboration, cybersecurity awareness, and online community mobilization. By the end of the program, leaders will be capable of fostering digitally empowered communities, improving transparency, and promoting innovative solutions that drive sustainable development outcomes.
