Foreign Currency Transactions (IAS 21) Training Course

Professional Development Training Course Outline

Category	ACCOUNTING & FINANCE	**Duration**	5 Days
Base Fee	$1,500 USD	**Delivery Mode**	Online / On-site Hybrid

Course Introduction

Foreign Currency Transactions (IAS 21) Training Course is a comprehensive, industry-relevant program designed to equip finance professionals, accountants, auditors, and corporate financial managers with advanced knowledge of foreign exchange accounting, currency translation, and international financial reporting standards compliance. This course provides in-depth expertise in IAS 21 compliance, exchange rate fluctuation management, functional currency determination, and reporting currency conversion techniques essential for global business operations.

In today's globalized economy, organizations are increasingly exposed to foreign currency risks, making IAS 21 Foreign Exchange Accounting a critical competency for financial accuracy and risk mitigation. This training enhances practical understanding of foreign currency transaction reporting, translation differences, hedging strategies, and consolidated financial statements preparation, ensuring participants meet IFRS compliance standards while improving decision-making in multinational financial environments.

Programme Curriculum

Foreign Currency Transactions (IAS 21) Training Course

Introduction

Foreign Currency Transactions (IAS 21) Training Course is a comprehensive, industry-relevant program designed to equip finance professionals, accountants, auditors, and corporate financial managers with advanced knowledge of foreign exchange accounting, currency translation, and international financial reporting standards compliance. This course provides in-depth expertise in IAS 21 compliance, exchange rate fluctuation management, functional currency determination, and reporting currency conversion techniques essential for global business operations.

In today’s globalized economy, organizations are increasingly exposed to foreign currency risks, making IAS 21 Foreign Exchange Accounting a critical competency for financial accuracy and risk mitigation. This training enhances practical understanding of foreign currency transaction reporting, translation differences, hedging strategies, and consolidated financial statements preparation, ensuring participants meet IFRS compliance standards while improving decision-making in multinational financial environments.

Course Objectives
