Managing Public Infrastructure Funds Training Course

Professional Development Training Course Outline

Category	Public Financial Management & Budgeting	**Duration**	5 Days
Base Fee	$1,500 USD	**Delivery Mode**	Online / On-site Hybrid

Course Introduction

Effective management of public infrastructure funds is central to driving sustainable development, ensuring transparency, and maximizing accountability in government expenditure. With rising global emphasis on good governance, financial oversight, public fund allocation, and infrastructure project management, it has become crucial for public officials, auditors, policymakers, and development partners to acquire advanced skills in managing infrastructure investments. Managing Public Infrastructure Funds Training Course equips participants with knowledge on fund utilization, public procurement compliance, anti-corruption strategies, and performance monitoring to improve outcomes in public infrastructure development.

The program emphasizes public finance management, project risk mitigation, value-for-money analysis, and fiscal accountability. Participants will explore practical approaches to addressing challenges in managing infrastructure budgets, ensuring equitable allocation, minimizing fund leakages, and applying global best practices. Through case studies, real-world examples, and interactive learning, participants will gain competencies to enhance infrastructure governance, efficiency, and transparency, ultimately strengthening trust between citizens and governments.

Programme Curriculum

Managing Public Infrastructure Funds Training Course

Introduction

Effective management of public infrastructure funds is central to driving sustainable development, ensuring transparency, and maximizing accountability in government expenditure. With rising global emphasis on good governance, financial oversight, public fund allocation, and infrastructure project management, it has become crucial for public officials, auditors, policymakers, and development partners to acquire advanced skills in managing infrastructure investments.

Managing Public Infrastructure Funds Training Course equips participants with knowledge on fund utilization, public procurement compliance, anti-corruption strategies, and performance monitoring to improve outcomes in public infrastructure development.

The program emphasizes public finance management, project risk mitigation, value-for-money analysis, and fiscal accountability. Participants will explore practical approaches to addressing challenges in managing infrastructure budgets, ensuring equitable allocation, minimizing fund leakages, and applying global best practices. Through case studies, real-world examples, and interactive learning, participants will gain competencies to enhance infrastructure governance, efficiency, and transparency, ultimately strengthening trust between citizens and governments.

Course Objectives

1. Strengthen financial accountability in managing public infrastructure funds.
2. Apply good governance frameworks for infrastructure project oversight.
3. Enhance knowledge of public procurement processes and compliance mechanisms.
4. Integrate anti-corruption strategies in infrastructure financing.
5. Develop skills in risk management and financial forecasting for public projects.
6. Improve budget planning and fund allocation efficiency.
7. Apply performance-based monitoring and evaluation in infrastructure investments.
8. Strengthen stakeholder engagement and public participation mechanisms.
9. Utilize digital finance tools for tracking public fund expenditure.
10. Promote sustainability and resilience in infrastructure funding models.
11. Explore international best practices in managing infrastructure budgets.
12. Enhance auditing and financial reporting of infrastructure projects.
13. Build capacity for policy formulation and institutional reforms in infrastructure financing.

Target Audience

1. Government financial managers
2. Public sector auditors
3. Infrastructure project managers
4. Policymakers and regulators
5. Development partners and donors
6. Anti-corruption agencies
7. Civil society and watchdog organizations
8. Financial analysts and consultants
