Oracle Fusion Security and Role Management Training Course

Professional Development Training Course Outline

Category	Enterprise Resource Planning (ERP)	**Duration**	5 Days
Base Fee	$1,500 USD	**Delivery Mode**	Online / On-site Hybrid

Course Introduction

Oracle Fusion Security & Role Management is a critical component of enterprise cloud applications that ensures data integrity, compliance, and secure access across an organization. Oracle Fusion Security and Role Management Training Course empowers professionals with the knowledge and skills to configure, manage, and monitor roles, responsibilities, and security policies effectively. Participants will learn industry-standard practices, leveraging Oracle Fusion's security framework to optimize access control, reduce risks, and enhance operational efficiency. With hands-on exercises, real-world case studies, and expert-led sessions, this course equips learners to implement robust security strategies in dynamic business environments.

Designed for IT professionals, business analysts, and Oracle practitioners, this training emphasizes practical applications of Oracle Fusion Security features, including user provisioning, role hierarchies, segregation of duties, and audit management. By combining theoretical knowledge with interactive workshops, participants will gain actionable insights to safeguard organizational assets, ensure compliance, and streamline security operations.

Programme Curriculum

Oracle Fusion Security and Role Management Training Course

Introduction

Oracle Fusion Security & Role Management is a critical component of enterprise cloud applications that ensures data integrity, compliance, and secure access across an organization. Oracle Fusion Security and Role Management Training Course empowers professionals with the knowledge and skills to configure, manage, and monitor roles, responsibilities, and security policies effectively. Participants will learn industry-standard

practices, leveraging Oracle Fusion's security framework to optimize access control, reduce risks, and enhance operational efficiency. With hands-on exercises, real-world case studies, and expert-led sessions, this course equips learners to implement robust security strategies in dynamic business environments.

Designed for IT professionals, business analysts, and Oracle practitioners, this training emphasizes practical applications of Oracle Fusion Security features, including user provisioning, role hierarchies, segregation of duties, and audit management. By combining theoretical knowledge with interactive workshops, participants will gain actionable insights to safeguard organizational assets, ensure compliance, and streamline security operations.

Course Duration

5 days

Course Objectives

By the end of this course, participants will be able to:

1. Implement Oracle Fusion Security & Role Management best practices.
2. Configure user accounts, roles, and access permissions efficiently.
3. Manage Role-Based Access Control (RBAC) across modules.
4. Design and enforce Segregation of Duties (SoD) policies.
5. Conduct security audits and generate compliance reports.
6. Integrate Oracle Identity Management with Fusion Security.
7. Troubleshoot security issues and resolve access conflicts.
8. Apply advanced role provisioning and hierarchy mapping techniques.
9. Ensure secure cloud application deployment and user access.
10. Automate role assignment using workflows and approval processes.
11. Analyze and monitor security risks using Oracle Fusion dashboards.
12. Implement proactive security controls for sensitive data.
13. Leverage case studies to develop real-world security solutions.

Target Audience

- Oracle Security Administrators
- IT Security Professionals
- Cloud Application Consultants
- Business Analysts
- Functional and Technical Leads
- ERP Administrators
- Compliance Officers
- Auditors

Course Modules

Module 1: Introduction to Oracle Fusion Security

- Overview of Oracle Fusion Cloud Applications
- Security architecture and key components
- User types and security roles
- Role hierarchy and inheritance concepts
- Case Study: Implementing security for a multinational enterprise

Module 2: User and Role Management

- Creating and managing users
- Role definitions and assignments
- Role hierarchy and functional roles
- Best practices for role maintenance
- Case Study: Role restructuring in a mid-size organization

Module 3: Role-Based Access Control (RBAC)

- Understanding RBAC framework in Fusion
- Permission sets and duties
- Mapping roles to business functions
- Role provisioning workflows
- Case Study: RBAC optimization for Finance module

Module 4: Segregation of Duties (SoD) Policies

- Introduction to SoD concepts
- Defining incompatible duties
- SoD policy creation and enforcement
- Risk mitigation strategies
- Case Study: SoD implementation in Oracle Procurement

Module 5: Security Audits and Compliance

- Audit trail configuration
- Access review reports
- Compliance monitoring tools
- Risk analysis and mitigation
- Case Study: Compliance reporting for SOX audit

Module 6: Integration with Oracle Identity Management

- Overview of Oracle Identity Cloud Service
- User provisioning and synchronization
- SSO and authentication methods
- Managing identity lifecycle
- Case Study: Integrating on-premises users with Fusion Cloud

Module 7: Advanced Role Provisioning and Automation

- Automated role assignment workflows
- Approval processes and notifications
- Advanced security configuration
- Role hierarchy optimization
- Case Study: Automating role provisioning in a global enterprise

Module 8: Monitoring, Troubleshooting, and Best Practices

- Security dashboard utilization
- Identifying and resolving access conflicts

- Audit log analysis
- Continuous improvement and security governance
- Case Study: Security optimization post-merger acquisition

Training Methodology

This course employs a participatory and hands-on approach to ensure practical learning, including:

- Interactive lectures and presentations.
- Group discussions and brainstorming sessions.
- Hands-on exercises using real-world datasets.
- Role-playing and scenario-based simulations.
- Analysis of case studies to bridge theory and practice.
- Peer-to-peer learning and networking.
- Expert-led Q&A sessions.
- Continuous feedback and personalized guidance.

Certification

Upon successful completion of this training, participants will be issued with a globally- recognized certificate.

Tailor-Made Course

We also offer tailor-made courses based on your needs.

Key Notes

a. The participant must be conversant with English.

b. Upon completion of training the participant will be issued with an Authorized Training Certificate

c. Course duration is flexible and the contents can be modified to fit any number of days.

d. The course fee includes facilitation training materials, 2 coffee breaks, buffet lunch and A Certificate upon successful completion of Training.

e. One-year post-training support Consultation and Coaching provided after the course.

f. Payment should be done at least a week before commence of the training, to Fineskill Training Center account, as indicated in the invoice so as to enable us prepare better for you.

Upcoming Scheduled Sessions

Start Date	End Date	Location	Price
23 Nov 2026	27 Nov 2026	Online	$1,000

Start Date	End Date	Location	Price
23 Nov 2026	27 Nov 2026	Physical	$1,500
23 Nov 2026	27 Nov 2026	Physical	$3,000
