Property, Plant & Equipment (IAS 16) Training Course

Professional Development Training Course Outline

Category	ACCOUNTING & FINANCE	**Duration**	5 Days
Base Fee	$1,500 USD	**Delivery Mode**	Online / On-site Hybrid

Course Introduction

Property, Plant & Equipment (PPE) accounting under IAS 16 remains one of the most critical and high-impact areas in financial reporting, asset management, and compliance. Property, Plant & Equipment (IAS 16) Training Course is designed to provide professionals with a comprehensive, practical, and globally relevant understanding of PPE recognition, measurement, depreciation, revaluation, and derecognition. With increasing regulatory scrutiny and evolving international financial reporting standards, organizations must ensure accuracy, transparency, and consistency in asset accounting practices to maintain investor confidence and regulatory compliance.

This course integrates strong SEO-focused and industry-relevant keywords such as asset lifecycle management, IFRS compliance, capital expenditure optimization, depreciation strategies, fair value measurement, financial reporting accuracy, and audit readiness. Participants will gain hands-on expertise through real-world case studies, practical exercises, and globally recognized best practices, enabling them to confidently apply IAS 16 principles in dynamic business environments.
