School Safety and Security Planning Training Course

Professional Development Training Course Outline

Category	Criminology	**Duration**	5 Days
Base Fee	$1,500 USD	**Delivery Mode**	Online / On-site Hybrid

Course Introduction

In today's rapidly evolving educational environment, school safety and security are more critical than ever. With rising concerns about school violence, emergency preparedness, and mental health crises, school leaders must be equipped with effective strategies to safeguard students and staff. Training Course on School Safety & Security Planning is designed to provide actionable insights into risk assessment, crisis response, access control, and threat management to build a resilient school safety culture.

The course incorporates the latest standards in educational risk management, drawing on real-life case studies, updated compliance frameworks, and proven security protocols. It is ideal for educational administrators, school resource officers, and campus safety teams aiming to ensure safe learning environments, foster community collaboration, and prepare for various school emergency scenarios.

8. Parent-Teacher Association Leaders

Course Duration: 5 days

Course Modules

Module 1: School Risk & Vulnerability Assessment

- Understand different types of school security threats
- Conduct on-site safety audits and walkthroughs
- Map internal and external vulnerabilities
- Identify high-risk zones in school facilities
- Utilize assessment tools and software
- **Case Study: Sandy Hook Elementary Safety Review**

Module 2: Emergency Planning and Crisis Response

- Build an all-hazards emergency response plan
- Design school evacuation and lockdown procedures
- Align crisis response with local emergency services
- Communicate effectively during crises
- Plan for reunification and recovery
- **Case Study: Parkland High School Crisis Response Analysis**

Module 3: Access Control and Physical Security

- Install and manage access control systems
- Create visitor management protocols
- Utilize security cameras and perimeter fencing
- Implement controlled access zones
- Train staff on entry point surveillance
- **Case Study: Columbine High School Access Control Failure**

Module 4: Behavioral Threat Assessment

- Define threat assessment teams and procedures
- Recognize warning signs of violence or aggression
- Document and track student behavior trends
- Partner with psychologists and counselors
- Establish intervention and referral processes
- **Case Study: Virginia Tech Behavioral Indicators Ignored**

Module 5: Mental Health and Trauma Response

- Address trauma in students and staff post-incident
- Provide mental health first aid training
- Integrate school counselors into crisis planning
- Reduce stigma around mental health support
- Use SEL (Social-Emotional Learning) to foster well-being
- **Case Study: Uvalde School Trauma Recovery Programs**

Module 6: Cybersecurity and Online Threats

- Secure school networks and student data
- Monitor online bullying and digital threats
- Educate students on responsible internet use
- Implement cybersecurity response plans
- Train staff on phishing and ransomware prevention
- **Case Study: LAUSD Cyberattack Response**

Module 7: Community Engagement and Partnerships

- Build relationships with parents and community leaders

- Host safety forums and preparedness workshops
- Collaborate with law enforcement and EMS
- Share safety plans with stakeholders
- Engage students in peer safety programs
- **Case Study: Chicago Public Schools Community Watch Program**

Module 8: Safety Drills, Training & Compliance

- Schedule regular lockdown and evacuation drills
- Train staff on role-specific emergency tasks
- Evaluate drill performance with post-briefings
- Comply with state and federal safety regulations
- Leverage simulation tools for realistic training
- **Case Study: Florida Safe Schools Compliance Audit**

Training Methodology

- Interactive lectures with multimedia presentations
- Hands-on simulation exercises and role-playing
- Real-world case studies and scenario analysis
- Group discussions and peer learning
- Step-by-step planning toolkits and templates
- Quizzes and assessments to reinforce learning
