

Training course on Building a Sustainable Intrapreneurial Program

Professional Development Training Course Outline

Category	Business	Duration	10 Days
Base Fee	\$3,000 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In today’s rapidly evolving business landscape, fostering sustainable intrapreneurship within organizations has become a strategic imperative. Building a Sustainable Intrapreneurial Program equips professionals with the skills and frameworks needed to drive innovation, create long-term value, and align business growth with sustainability goals. Training course on Building a Sustainable Intrapreneurial Program is designed to empower employees to think like entrepreneurs within their companies, develop scalable solutions, and leverage corporate resources to enhance profitability, social impact, and environmental sustainability.

Through a structured curriculum, participants will explore corporate innovation strategies, leadership in intrapreneurship, funding models, and stakeholder engagement. The program provides a hands-on approach, combining case studies, interactive workshops, design thinking, and digital tools to create a practical and adaptable intrapreneurial ecosystem within organizations. By the end of this course, attendees will have the expertise to build, sustain, and scale intrapreneurial programs that drive transformative change.
