

Training Course on Data Protection in Marketing and Advertising

Professional Development Training Course Outline

Category	Data Security	Duration	5 Days
Base Fee	\$1,500 USD	Delivery Mode	Online / On-site Hybrid

Course Introduction

In today’s hyper-connected digital economy, data protection in marketing and advertising has become more critical than ever. With increasing consumer awareness, stricter data privacy regulations like GDPR, CCPA, and evolving tech landscapes, brands must adopt secure, ethical, and legally compliant marketing practices. Training Course on Data Protection in Marketing and Advertising is designed to empower professionals with cutting-edge knowledge, practical tools, and strategic insights to implement privacy-first marketing while maintaining effectiveness and compliance.

Whether you're a digital marketer, advertiser, content strategist, or compliance officer, understanding the intersection of marketing and data privacy is essential. This course blends the latest in data security, legal frameworks, digital compliance, AI, consumer consent, and ad tech transparency to create a future-proof skill set in data-driven industries.

Training Course on Data Protection in Marketing and Advertising

Introduction

In today’s hyper-connected digital economy, data protection in marketing and advertising has become more critical than ever. With increasing consumer awareness, stricter data privacy regulations like GDPR, CCPA, and evolving tech landscapes, brands must adopt secure, ethical, and legally compliant marketing practices. Training Course on Data Protection in Marketing and Advertising is designed to empower professionals with cutting-edge knowledge, practical tools, and strategic insights to implement privacy-first marketing while maintaining effectiveness and compliance.

Whether you're a digital marketer, advertiser, content strategist, or compliance officer, understanding the intersection of marketing and data privacy is essential. This course blends the latest in data security, legal frameworks, digital compliance, AI, consumer consent, and ad tech transparency to create a future-proof skill set in data-driven industries.

Course Objectives

1. Understand GDPR, CCPA, and global data privacy regulations in marketing.
2. Master first-party data strategies for ethical data collection.
3. Analyze data protection risks in programmatic advertising.
4. Explore AI and machine learning implications in ad targeting.
5. Apply consent management systems (CMPs) effectively.
6. Implement privacy-first email marketing practices.
7. Use data anonymization and pseudonymization in campaigns.
8. Understand data breaches and incident response in advertising.
9. Audit data-sharing practices with third-party vendors.
10. Integrate privacy-enhancing technologies (PETs) in marketing stack.
11. Navigate cross-border data transfers and compliance.
12. Evaluate ethical advertising standards and consumer rights.
13. Design compliant customer journeys with personalized marketing.

Target Audience

1. Digital Marketing Managers
2. Advertising Professionals
3. Data Privacy Officers
4. Compliance Specialists
5. CRM and Email Marketing Executives
6. Legal & Regulatory Consultants
7. Product Marketing Teams
8. Data Analysts in Marketing

Course Duration: 5 days
