Training Course on Financial Gerontology: Planning for the Older Adult

Professional Development Training Course Outline

Category	Pension and Retirement	**Duration**	10 Days
Base Fee	$3,000 USD	**Delivery Mode**	Online / On-site Hybrid

Course Introduction

Training Course on Financial Gerontology: Planning for the Older Adult is designed to equip financial professionals with the knowledge and skills necessary to effectively address the unique financial needs of older adults. As the population ages, understanding the complexities of financial planning for seniors becomes increasingly important. This course focuses on the principles of financial gerontology, enabling participants to provide comprehensive planning solutions that enhance the financial security and well-being of older clients. Participants will explore key topics such as retirement income planning, healthcare costs, estate planning, and the psychological aspects of financial decision-making in later life. The curriculum integrates theoretical concepts with practical applications, featuring case studies and interactive exercises that allow attendees to engage with real-world scenarios. By the end of the training, participants will be well-equipped to implement effective financial strategies tailored to the needs of older adults.
