Training Course on Strategic Planning and Management for Central Banks

Professional Development Training Course Outline

Category	Banking Institute	**Duration**	5 Days
Base Fee	$1,500 USD	**Delivery Mode**	Online / On-site Hybrid

Course Introduction

In today's evolving financial ecosystem, strategic planning and management are essential for ensuring the institutional effectiveness and economic stability of central banks. Training Course on Strategic Planning and Management for Central Banks equips participants with the latest strategic frameworks, tools, and performance management systems to align monetary operations with national development goals. Using real-world scenarios, the course develops capabilities to lead transformative initiatives, anticipate economic disruptions, and align stakeholder interests in a rapidly shifting global financial landscape.

Designed for professionals at all levels of central banking, this course integrates global best practices, data-driven decision-making, and risk management frameworks. Participants will gain hands-on experience in strategy formulation, policy impact assessment, and performance monitoring. Through engaging lectures, group exercises, and case studies, attendees will leave with the tools to design and implement adaptive, results-oriented strategies.

Programme Curriculum

Training Course on Strategic Planning and Management for Central Banks

Introduction

In today's evolving financial ecosystem, strategic planning and management are essential for ensuring the institutional effectiveness and economic stability of central banks. Training Course on Strategic Planning and Management for Central Banks equips participants with the latest strategic frameworks, tools, and performance management systems to align monetary operations with national development goals. Using real-world scenarios, the course develops capabilities to lead transformative initiatives, anticipate economic disruptions, and align stakeholder interests in a rapidly shifting global financial landscape.

Designed for professionals at all levels of central banking, this course integrates global best practices, data-driven decision-making, and risk management frameworks. Participants will gain hands-on experience in strategy formulation, policy

impact assessment, and performance monitoring. Through engaging lectures, group exercises, and case studies, attendees will leave with the tools to design and implement adaptive, results-oriented strategies.
